

California OES Weather Threat Briefing

Wednesday, February 12, 2020 9:00 AM PST

National Weather Service

Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS 02/12/20 - 02/18/20

Wednesday-Friday

- A weak storm system will move across far northern CA bringing light rain and mountain snow late Thursday into Friday, with no significant impacts expected.
 - Otherwise, dry conditions are expected across the state.

Saturday-Tuesday

- A stronger storm is expected to move across northern and central CA, especially late Saturday through Sunday, bringing valley rain and mountain snow.
 - Accumulating snow will likely impact mountain travel heading into the Monday holiday.
 - Gusty winds are expected with the storm, and may linger into Monday-Tuesday across Southern Region, with a chance that Santa Ana winds develop in prone areas.
